

Kororoit Creek Primary School Acceptable Use Agreement for Global 2, Internet and Digital Technologies (2015-2016)

Dear Parents, Carers and Students,

Today's students spend increasing amounts of time online, learning and collaborating. To be safe online and to gain the greatest benefit from the opportunities provided through an online environment, students need to do the right thing by themselves and others online, particularly when no one is watching.

At Kororoit Creek Primary School (KCPS) we believe the teaching of cybersafe and responsible online behaviour is essential in the lives of students and is best taught in partnership between home and school. Safe and responsible behaviour is explicitly taught at our school and parents/carers are requested to reinforce this behaviour at home.

For your information and your child's safety, we ask that you read through this document carefully and discuss it fully with your child and family. When you feel you understand and are happy with its contents we ask you and your child sign it and return it to school so that your child can begin their responsible use of technologies at KCPS. It is an expectation that all students at KCPS participate in online and digital learning therefore it is compulsory that this agreement is returned to school. The signed agreement will be kept in your child's file for the duration of their time at KCPS.

School support for the safe and responsible use of digital technologies

Kororoit Creek Primary School uses Global 2 blogs, the Internet, web 2.0 tools and various digital technologies as teaching and learning tools. We see the Internet and digital technologies as valuable resources, but acknowledge they must be used responsibly.

Your child has been asked to agree to use Global 2 blogs, the Internet, web 2.0 tools and digital technologies responsibly at school. Parents/carers should be aware that the nature of the Internet and realise that full protection from inappropriate content can never be guaranteed.

At Kororoit Creek Primary School we:

- provide supervision and direction in online activities and when using digital technologies for learning
- support students in developing digital literacy skills
- are an eSmart accredited school and implement a rigorous cybersafety program which is reinforced across the school
- use mobile technologies for educational purposes (e.g. YouTube clips, podcasts or photos from excursions)
- provide support to parents/carers to understand this agreement (e.g. language support)
- provide support to parents/carers through information evenings and through the online information document for parents to keep at home
- work with students to outline and reinforce the expected behaviours in the Internet and Global 2 blogs
- reinforce that cybersafe and responsible behaviours are expected in their school use of digital technology including the Global 2 blogs.
